Did you know?

You can request an **Unassigned (spare) dosimeter** to be shipped to you.....

.....by checking the Unassigned (spare) box during the add participant wizard.

You are *not* assigning the dosimeter, you are only requesting to have a spare sent to you.

We recommend that you enter "Spare" or leave the Last Name blank.

The screenshot shows a two-step wizard. Step 1 is 'Select Participant Monitoring' and Step 2 is 'Participant Information'. In Step 2, there are fields for 'Dose Category', 'Part nbr', 'Last Name', 'First Name', 'Middle Initial', 'Print Name', 'Occupation', 'Sub-number', 'Spare', 'Participant Group', 'Birth Date', 'Gender', and 'Unassigned (Spare)'. The 'Unassigned (Spare)' checkbox is checked. Below these fields are 'ID Type', 'ID Number', and 'Dose Plat ID' fields, with an 'Add new ID' button.

Learn how to...

- ✓ Maintain Dosimeter Information
 - Add dosimeter to an existing participant
 - Delete dosimeter for a participant
 - Add new participant
 - Assign spare to a participant
 - Add fetal dosimeter
 - Order additional spare/unassigned dosimeters
 - View Unreturned Dosimeters & Mark Dosimeters Lost/Returned
- ✓ View Dose History
 - Participant/Subaccount/Account Dose Summary (QTD, YTD or LTD)
 - Unused Dosimeter Report
- ✓ View Reports
 - Retrieve Dosimeter Reports
 - Create Form 5 Annual / Quarter / Termination Report, ALARA Memo, etc.

Questions?

Visit the Help section on myLDR.com or contact Landauer Customer Service

 myLDRsupport@Landauer.com

LESSON 1. ADD A DOSIMETER TO AN EXISTING PARTICIPANT

From the main menu, click the Add/Change/Deactivate button.

Enter search criteria to find the participant for which you want to add the dosimeter. Click Search.

Click the View/Edit link next to the participant you want to edit.

Find the Active Dosimeter Subscriptions section and click the Add Dosimeter button which launches the Add Dosimeter wizard.

Step 1, select Account/Subaccount, click Next.

Step 2, select dosimeter type and quantity, click Next.

Step 3, select dosimeter location and 1st Wear Date, click Save.

NOTE: System recognizes next scheduled shipment and defaults to that wear date. If the dosimeter is required earlier, you can 'back date' and a pick-up and control dosimeter will ship or assign a spare dosimeter to the participant. The next routine shipment will include this new addition.

LESSON 2. DELETE A DOSIMETER FOR A PARTICIPANT

From the main menu, click the Add/Change/Deactivate button.

Enter search criteria to find the participant for which you want to deactivate the dosimeter, click Search.

Click the View/Edit link next to the participant you want to edit.

Click the **Edit Dosimeters** button in the Active Dosimeter Subscriptions section.

To deactivate one dosimeter at a time, you can select the Deactivate link located next to the dosimeter (scroll to the right) or you can select the Deactivate All button. Update the Deactivation Date and click Save.

LESSON 3. ADD A NEW PARTICIPANT

From the main menu, click the Add/Change/Deactivate button.

Click the Add New Participant button which launches the Add Participant wizard.

Step 1, select the participant monitoring type, click Next.

Step 2, enter participant information, click Next.

Step 3, select the Account/Subaccount where the dosimeter(s) will be worn, click Next.

Step 4, select dosimeter type and quantity click Next.

Step 5, select dosimeter location and 1st Wear Date, click Next.

Step 6, confirmation - verify participant and dosimeter information is correct, click Save.

LESSON 4. ASSIGN A SPARE DOSIMETER TO A PARTICIPANT

From the main menu, click the Add/Change/Deactivate button.

Enter search criteria to find the participant for which you want to add the spare dosimeter, click Search.

Click the View/Edit link next to the participant you want to edit.

Find the Active Dosimeter Subscriptions section and click the Assign Spare link which opens the Assign Spare window.

Find the serial number on the unassigned (spare) dosimeter and enter that in Assign Serial Nbr field.

Enter the Begin Wear Date and End Wear Date, click Save.

LESSON 5. ADD A FETAL DOSIMETER

From the main menu, click the Add/Change/Deactivate button.

Enter search criteria to find the participant you want to edit, click Search.

Click the View/Edit link next to the participant you want to edit.

Click the Add Pregnancy button - ensure that "Female" is selected in the gender drop-down before the Add Pregnancy button will display.

Enter relevant information in Add Pregnancy window and select the box to add the fetal dosimeter, click Save.

You will now begin adding the fetal dosimeter. Follow steps 1-3 in Lesson 1 to complete the addition.

LESSON 6. ORDER ADDITIONAL SPARE/UNASSIGNED DOSIMETERS

From the main menu, click the Add/Change/Deactivate button.

Click the Add New Participant button which launches the Add Participant wizard.

Step 1, select the participant monitoring type for the unassigned dosimeter.

Step 2, select checkbox next to Unassigned Spare and click Next.

Step 3, select the Account/Subaccount where the dosimeter(s) will be worn, click Next.

Step 4, select dosimeter type and quantity, click Next.

Step 5, select Dosimeter Location and 1st Wear Date and Deactivation Date, if applicable, click Next.

Step 6, confirmation - verify dosimeter detail is correct, and click Save.

LESSON 7. VIEW UNRETURNED DOSIMETERS AND MARK DOSIMETERS LOST/RETURNED

From the main menu, expand Client Management and select Unreturned Dosimeter.

myLDR displays a pie chart with the number of Returned, Unreturned and Marked Returned dosimeters. Click Search/Scan button.

To scan unreturned dosimeters:

- From Unreturned Dosimeter window, click Scan/Key Returns
- myLDR displays the Scan Serial Number window. To enter a dosimeter as returned, enter or scan a serial number in the open text box. Press Submit frequently to apply your changes.

To designate dosimeters as returned or lost:

- On Unreturned Dosimeters window, scroll right in the Dosimeter Details grid. Click in the checkbox to mark the dosimeter as returned or lost. Click the Submit Changes button.
